

Production Costing

Production Costing form shows the *summary* of costs (expenses) based on the period entered.

These costs are as follows:

1. Depreciation Cost
2. Raw Materials and Accessories Cost
3. MOH Costs (Manufacturing Overheads)

Production Date	Production Costing	Unit ID	Product Description	Operator	Quantity	Reference No.
06/17/2022	17942225	1034.00	20-LITER ROUND JUG (FG)	PROFACIO MASCO	200	290722163021
06/18/2022	18062237	2390.00	20-LITER ROUND JUG (FG)	PROFACIO MASCO	500	290722163104
06/19/2022	19062212	3108.00	20-LITER ROUND JUG (FG)	PROFACIO MASCO	600	290722163158
06/20/2022	20062212	6216.00	20-LITER ROUND JUG (FG)	PROFACIO MASCO	1200	290722163238
06/21/2022	21062214	1405.80	20-LITER ROUND JUG (FG)	PROFACIO MASCO	310	290722163324

Note however, only *periods* that have undergone **End-of-Month routine** and has successfully closed **temporary accounts** for that period can avail of this feature. Otherwise, all the values in the costing form will be zero (0).

Important note: The data shown in the form is for illustration purposes only. These are not actual data from actual operation!

To reset the filter to '**no filter**' for the **Production Records**, please click **Unfilter** button.

The screenshot shows the 'Production Records' interface in the EPFC application. At the top right, a blue bar displays 'Accumulated Depreciation = 5648.43; Total Produced, LI. = 56200.00'. Below this is the 'Input the Period' section with 'Date From' and 'Date To' dropdowns set to 06/01/2022 and 06/30/2022 respectively. A 'Calculate' button is highlighted with an orange dashed arrow pointing to a callout box. The main data table is as follows:

	Actual Cost Per Liter	Production Per Date
Depreciation Cost	P0.10	P620.00
Raw & Accessories Cost	P0.27	P1,674.00
MOH Costs	P0.09	P558.00
Total Costs	P0.46	P2,852.00

Annotations include:

- A callout box pointing to the 'Calculate' button: 'Clicking **Calculate**, filters the data and also the **Production Records**'.
- A callout box pointing to the 'Date From' and 'Date To' fields: 'Calculation is based on the records within the period entered.'
- A callout box pointing to the 'Depreciation Cost' label: 'Right-click any of these, to display the details of this result'.
- A callout box on the right side: 'Simply put, this is a quick way to check your production performance.'

The bottom of the screenshot shows a Windows taskbar with the system tray displaying 27°C and the date 10/08/2022.
