

## Delete

### To Delete,

1. Position the highlight bar to the record that you want deleted on the grid control;
2. From the menu bar, click '**Delete**';
3. Enter your [authorization code](#). Then, you will be prompted to confirm;
4. **Yes**, to proceed with deletion. **No**, to abort the deletion;

The screenshot illustrates the deletion process in the WRS App System. The interface shows a grid control with a highlighted record. The 'Issued To' menu bar is open, and the 'Delete' option is selected. An authorization code input dialog is displayed, and a confirmation alert dialog is shown with the 'Yes' button highlighted.

**1** Position the **highlight bar** to the record you want to delete.

**2** From the **Issued To List** menu bar, click **Delete**.

**3** Please enter your authorization code.

**4** You are about to DELETE 'ELIAS QUIANO'. Proceed?

Yes No
