

Edit

To Edit,

1. At the **Product List** grid control, position the highlight bar to the Product ID you want to edit;
2. From the section menu bar of the Product Recipe grid control, click **'Edit'**. You will be prompted to enter your [authorization code](#);
3. After validation of the authorization code, the section's **'ReadOnly'** attribute becomes **'Editable'**. You can edit any cell of the grid, so please be very careful with the data that is opened to you;
4. When you are done with editing, hit the **ENTER** key to save the data and restore the **'ReadOnly'** safeguard for the section.
