

Delete

To Delete,

1. First, position the **highlight bar** to the specific row that you want to delete;
2. From the section menu, click '**Delete**'.
3. You will be prompted to enter your **authorization code**. After validation of the authorization code, you will be prompted for the last time to confirm your deletion. **Yes** to proceed with deletion, and **No** to abort.

The screenshot displays the Lianja App Center v5.5.1 - UTF-8 interface. The main content area shows a 'Product List' table with the following data:

Product ID	RM & Acc Description	Quantity	Unit of Measure	Unit Price	RM and ACC ID
1005	TEST	20.00	LTR	149	MAIN

The 'Delete' button in the section menu is highlighted with a red box and labeled '2 Click Delete'. The 'Delete' option in the section menu is highlighted with a red box and labeled '1 Position the highlight bar to the record for deletion'. The 'PU Code' dialog box is highlighted with a red box and labeled '3'. The 'WRS Alert' dialog box is highlighted with a red box and labeled '4 Yes, to delete the record'.
